

Our staff *truly* cares
about your carpets

Specializing in providing 'Dry' carpet, rug and upholstery cleaning services in Los Angeles and Orange Counties to "People who Demand Quality".

We care about your carpets appearance as much as you do. Our goal as a company is to provide you with the most thorough cleaning you've ever had, using safe non-toxic products leaving your carpets clean, pile restored, freshly scented, dry and Ready to Use Immediately!

TrulyDRY Carpet Cleaning specializes in VLM (Very Low Moisture) carpet, rug and upholstery cleaning. We use the HOST® system that cleans both commercial and residential carpet more thoroughly and safely than hot water or steam methods. And, since HOST® is a dry cleaning system using sponges made from a natural organic fiber, you can walk on the carpet immediately after cleaning – meaning zero downtime.

Let us solve your carpet care problems: Uglyed-out carpets, spots, spills, resoiling, downtime. Keep your carpets looking great.

BENEFITS TO YOUR HOME, BUSINESS, UPHOLSTERY & ENVIRONMENT

CARPET CLEANING

Lifts pile to revive matted traffic lanes.

No waiting for carpet to dry or risk of mildew!

Carpet stays cleaner much longer.

UPHOLSTERY CLEANING

For soft furnishings we use a Foam, Low Moisture Soil Extraction System which allows the furniture to be used very quickly.

No over wetting.

Never any shrinkage.

No sticky residue.

Can see results immediately.

Safe for most types of fabrics including velvet, cotton, Jacquard weaves, tapestries.

Furniture dry & back in service in as little as 30 mins.

This unique system's cleaning agent is only 10% moisture when applied and is also ideal for fabric-covered office partitions, carpet and upholstery spot removal, stairs and risers, as well as vehicle interior detailing.

SAFE FOR EVERYONE

Ready for immediate use.

Non Toxic - Safe for Children & Pets.

Removes Dust Mites & other Allergens.

No sticky residues!

Immediately see results.

TILE & GROUT CLEANING

Invite us to TEST CLEAN a portion of your worst grouted floors

- TEST will take minutes
- No acids, bleach or water
- No degradation of grout
- No damage to adjacent carpeting

Safe to use – does not contain Bleach or Acid and does not emit any noxious fumes.

Clean and dry as soon as the cleaning is done.

Leaves no chemical residue left behind to attract dirt and cause rapid resoiling of the grout.

Cleaning system contains a balanced blend of water, detergents, wetting agents and natural ingredients that dissolve and trap dirt and grease.

OUR PHILOSOPHY

We have over 10 years of professional experience.

We refuse to compromise quality and have invested in the most up to date range of equipment so you can feel very confident that your carpets & upholstery will be cleaned to the very best they can be!

Commercial & Residential.

We clean Boats, Cars, Airplanes & much more.

Cleaning before & after special events.

For soil management ask about CAMP® Computer Aided Maintenance Plan.

Deep cleans & ready
for immediate use

We use a HOST®, a soft, natural organic product. Product testing done by independent laboratories shows that HOST® is Biodegradable Safe for people and pets and has Negligible airborne dust and VOC's.

Research studies have shown that one cleaning with the HOST® System using HOST® Machines reduces: Dust mites by 78%, Dust Mite Allergen by 75%, Cat Allergen by 85%, Mold Spores by 85%. EPA Establishment No. 074202-WI-001.
